

2013
11TH ANNUAL

Center for Nanoscale Science and Technology NANOTECHNOLOGY WORKSHOP

nano@illinois
nano solutions for mega problems

May 2-3, 2013

National Center for Supercomputing Applications
Micro and Nanotechnology Laboratory

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

Highlighting cross-campus
and industry collaborations in:

- bionanotechnology and nanomedicine
- nanoelectronics and nanophotonics
- nanomaterials and nanomanufacturing

Sponsors

NSF Integrative Graduate Education
and Research Traineeship on
Cellular and Molecular Mechanics
and BioNanotechnology
NIH/NCI Midwest Cancer
Nanotechnology Training Center
Center for Nanoscale Science and Technology
Micro and Nanotechnology Laboratory
National Center for Supercomputing Applications
Nano-CEMMS
Beckman Institute for Advanced Science
and Technology

Keynote Speakers

Gang Bao
Georgia Tech

Mark Bohr
Intel

Michael Roukes
Cal Tech
